Re: Nearly 5,000 supporters thank you for prosecuting cruelty case

Dear Mr. Kizer:

On Thursday, Alley Cat Allies thanked you for prosecuting the killings of three cats behind the Fox television station in Henrico County. Today we would like to present a petition signed by 4,675 supporters from across the nation over the past four days. These individuals signed a statement that read:

The lives of all cats—including stray and feral cats—are protected by Virginia's anti-cruelty laws. I thank and support Commonwealth's Attorney Wade A. Kizer for prosecuting the cruel and unnecessary killing of three feral cats in Henrico County, VA.

We thought you would be pleased to know how many people support your decision to invoke the anti-cruelty law on behalf of feral cats.

Sincerely,

A handwritten signature in black ink, appearing to read "W.M.A.", followed by a long horizontal line extending to the right.
